

ProjectEDGE[®]

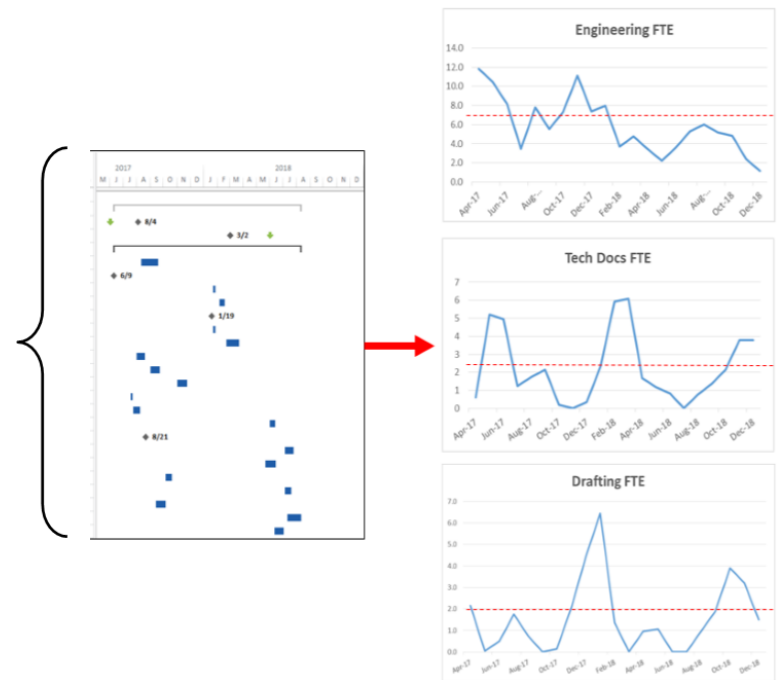

Resource Management
Earned Value Planning
Process Optimization
Program Controls

Make Efficiency Your Core Competency

Tailored Solutions for Government Application

- Reduces resource bottlenecks
- Identifies variable processes
- Quantifies process impacts

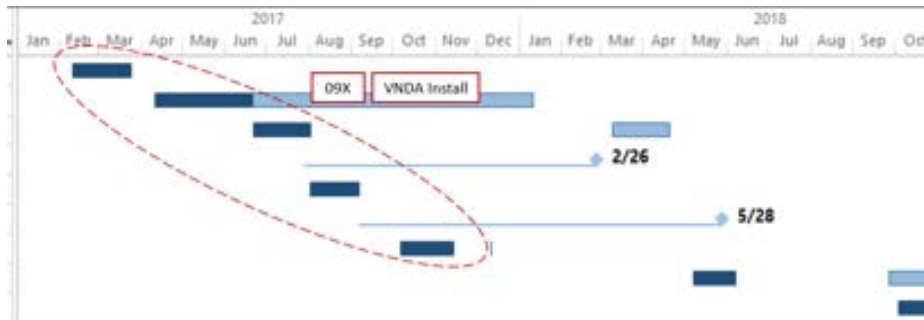

Current Engineering Projects

Plan for Tomorrow, Optimize Today

Metric-based decisions drive corrective actions

- Eliminates deficiencies
- Reduces rework
- Improves performance

Engineering Hours	
Available Hours	15,166.7
Planned Hours	20,976.3
Balance (Hours)	(5,809.6)
